## **INTRODUCTION**

The examination process is very crucial and reflects the very credibility of the college. The College understands that academic autonomy, while providing creative opportunities for the faculty in designing curriculum and developing evaluation methods on the parameters of employability, programme outcomes, and stipulated graduate attributes, is also a challenge to ensure integrity, quality and accuracy in the domain of evaluation/examination systems.

The College constantly strives to fulfil its institutional vision – that of providing opportunities to students to prepare education which will culminate into a mind that researches and aims to achieve the best. The College offers a wide variety of Under Graduate and Post Graduate Degree programmes, Certificate courses and is also a Research Centre for Ph.D. Programs. The pool of self financing programs like B.Sc. (IT), B.Sc. (CS), B.CAF, B.FM and B.MS has been introduced to cater the specific demands of the industry. The college introduces new curriculum after every three years. The college on the basis of feedback from industry experts, students, alumni and faculty members assesses the existing curriculum and removes / deletes or adds /the topics to ensure relevancy and industry readiness of its programmes and also updates the values and interests as per the cultures of the society. Wide Electives are offered at undergraduate levels in terms of specialisation and various choices of academic flexibility. All the programmes offered by the college have semester with choice based credit system (CBCS) in operation and thus enable the students to choose the courses of their interests.

This Examination Manual incorporates the clauses and conditions of the Autonomy Ordinance of the Government of Maharashtra, the major rules and provisions of University of Mumbai Examination Manual and suggestions from Academic and Governing council of the college. The college firmly believes that this examination manual with its well thought out rules, regulations, provisions and procedures will constitute an effective examination system.

The last chance to give the annual pattern examination was April 2018. It depends on the University. As and when University allows the college to conduct the examination the notice will be put up on the noticeboard and uploaded in the notice section under examination.

**Is attendance compulsory if a student having opted group B for the Internal Test?**

Attending lectures is compulsory. Minimum 75% attendance is compulsory. The lectures help the student to understand a topic in another perspective which may not always be possible to obtain through books.

**What is the ATKT rule for promotion to the higher class?**

Undergraduate

(aided/unaided)

1. A student from odd semester (Semester 1, 3, 5) is automatically promoted to the next semester irrespective of the number of backlogs.

2. A learner will be allowed to keep terms for semester 3

if the learner has passed semester 1 and 2 in full

*OR*

for programmes with 900 marks or more then the learner has a backlog of maximum of 3 courses in each of semester 1 / 2 and for programmes with less than 900 marks the learner has a backlog of maximum 2 courses in each of semester 1 / 2.

3. A learner will be allowed to keep terms for semester 5

if the learner has passed all courses in semester 1, 2, 3 and 4.

*OR*

passed all courses in semester 1 and 2 with backlogs in semester 3 / 4 as follows: for programmes with 900 marks or more, the learner has a backlog of maximum of 3 courses in each of semester 3 / 4 and for programmes with less than 900 marks the learner has a backlog of maximum 2 courses in each of semester 3 / 4.

*OR*

has passed all courses in semester 3 and 4 in full with backlogs in semester 1 / 2 as follows: for programmes with 900 marks or more then the learner has a backlog of maximum of 3 courses in each of semester 1 / 2, for programmes with less than 900 marks the learner has a backlog of maximum 2 courses in each of semester 1 / 2.

Consider the following example:

A student from SYBSC with combination say 'Chemistry-Microbiology' / SYBSC

(Biotechnology) wanting admission to semester 5: (same rule applies for all combinations Physics-Mathematics, Mathematics-Statistics, Physics-chemistry, Chemistry-Botany, Chemistry-Zoology, Botany-Zoology, Chemistry-Geology, Physics-Geology)

This student is admitted to a programme with total marks 1000 in semester 1 and 2 each and 900 marks for semester 3 and 4 each.

Suppose,

He has cleared all courses in semester 1 and 4 and has failed in 1 course in each of Semester 2 and 3. This student is not eligible for admission to semester 5 as this is a case of 'cross KT'. The student has not cleared his first year nor second year completely.

Another student say from the same combination has cleared semester 1, 2, 3 and has failed in 4 courses in semester 4. This student is not eligible for admission to semester 5 as he has more than permissible backlogs in semester 4.

Another student has 3 backlogs in semester 1 and 2 but has cleared all courses in semester 3 and 4 then this student is eligible to take admission to semester 5.

A student from SYBSC (IT) / SYBCOM wanting admission to semester 5:

This student is admitted to a programme with total marks less than 900 marks in each of the semesters 1, 2, 3, 4.

Suppose,

He has cleared all courses in semester 1 and 4 and has failed in 1 course in each of Semester 2 and 3. This student is not eligible for admission to semester 5 as this is a case of 'cross KT'. The student has not cleared his first year nor second year completely.

Another student say from the same class has cleared semester 1, 2, 3 and has failed in 3 courses in semester 4. This student is not eligible for admission to semester 5 as he has more than permissible backlogs in semester 4.

Another student has 2 backlogs in semester 1 and 2 but has cleared all courses in semester 3 and 4 this student is eligible to take admission to semester 5.

**Post-Graduation (aided/unaided)**

Students from post-graduation will be admitted to the next semester irrespective of the number of backlogs in the previous semester/s.

- As soon as Exam cell declares the Exam time table, all departments are asked to furnish the list of examiners for all regular and ATKT assessment work in the format provided by CAP.
- CAP then prepares a deadline for first assessment of each subject.
- Registers are prepared for keeping proper records.

### **During examination:**

- Tally the papers received from the exam cell along with the reports received.
- Transfer the data into two registers, one for exams held date-wise (called as **CAP** record register) and other class-wise registers for the assessment record by examiners.
- An examiner has to enter details in the register when issued a bundle for assessment.
- The block report with seat numbers is removed from all bundles of REGULAR exam after writing the code numbers on it. These seat numbers to code number link reports are kept in a confidential file and are used for preparation of final mark-list.
- When examiners complete assessment of one bundle, CAP mark-list is prepared and the entry is made in 'mark-list submission register'.
- Based on this, CAP prepares a day wise report of the number of papers assessed and the number of papers pending.
- In case of Regular exam, once first assessment of all papers in a subject is over, papers for **DUAL ASSESSMENT** are separated as per the following rules and the marks of first assessment are masked.

<b>Sem. I To Sem. IV</b>	<b>Marks 0-16</b>	No Dual Assessment
	<b>Marks 17-23 &amp; 50-60</b>	100% Dual Assessment
	<b>Marks 24-49</b>	10% of the papers in this range for Dual Assessment
<b>Sem. V To Sem. VI</b>	<b>All Papers</b>	100% Dual Assessment

- Once Dual assessment is over, mark-list is prepared by second examiner. **Papers in which there is more than 10% difference in the marks by first and second examiner (i.e. 7 or more out of 60)** are separated by CAP committee for **triple** assessment.
- Final marks are considered as per following rules:
  - If there is a third assessment for a paper, then marks by third examiner are considered to be final, else higher of first and second assessment marks are taken as final.
  - Once final marks are awarded, papers are de-masked and final mark-list provided by exam cell is filled up.
- All completed mark-lists are then sent to exam cell for result processing and record is kept at CAP.
- A proper record of external examiners coming for assessment is kept and the data regarding dates of assessment and total number of papers assessed is kept.
- The remuneration forms are given to the concerned examiners. The information written in remuneration form is verified.
- Once assessment work is completely over and final mark-lists of ALL subjects are sent to exam cell, all cupboards are sealed to safeguard the papers till declaration of result.
- After the result is declared, CAP provides answer papers for re-valuation to the exam cell against the list of student asked.
